Shielded Products

Shielded Pouches

Phones/PDA

Part No: D00396	Base Price: \$1,767.91
Name: Shielded Pouch, Velcro Closure, (12 cell phones)	SIN: 426-4N

Description

RF Shielded Phone Pouch, 28"x16"x2', 12 interior pockets for cellular phone storage and 12 interior bands to hold pagers, hook on exterior to hang phone bag and carrying handle. Devices within the secured pouch cannot sent or receive electronic signal rendering devices such as cellular phones and computers with wireless LAN capabilities inoperable.

Part No: D00397	Base Price: \$46.13
Name: Shielded Pouch, Velcro Closure, (1 cell phone)	SIN: 426-4N

Description

RF Shielded pouch designed for personal cell phone that clips to user's belt. Devices within the secured pouch cannot sent or receive electronic signal rendering devices such as cellular phones and computers with wireless LAN capabilities inoperable.

Part No: D00403	Base Price: \$30.15
Name: Shielded Pouch, Velcro Closure, (Pager)	SIN: 426-4N

Description

RF Shielded pouch for Pager that clips to user's belt Devices within the secured pouch cannot sent or receive electronic signal rendering devices such as cellular phones and computers with wireless LAN capabilities inoperable.

Part No: D00404	Base Price: \$49.95
Name: Shielded Pouch, Velcro Closure, (PDA)	SIN: 426-4N

Description

RF Shielded pouch for personal PDA or other electronic organizer that clips to user's belt. Devices within the secured pouch cannot sent or receive electronic signal rendering devices such as cellular phones and computers with wireless LAN capabilities inoperable.

Part No: D00405	Base Price: \$102.86
Name: Shielded Pouch, Velcro Closure, (satellite phone)	SIN: 426-4N

Description

RF Shielded pouch designed for one satellite phone that clips to user's belt. Devices within the secured pouch cannot sent or receive electronic signal rendering devices such as cellular phones and computers with wireless LAN capabilities inoperable.

Part No: D00568	Base Price: \$165.68
Name: Shielded Pouch, Dual Blackberry/Cell Phone (6.5"x10")	SIN: 426-4N

Description

Pouch made from the same shielding materials that are used in the T-TEMPEST™ enclosures shields the contents of the pouch making them inoperable when the pouch is closed. Security loops used with cable ties can be used to verify case was not opened.

Computer

Part No: D00395	Base Price: \$325.28
Name: Shielded Pouch, Velcro Closure, 16"x14"	SIN: 426-4N

Description

RF Shielded Pouch size 16"x14", Velcro closure Devices within the secured pouch cannot sent or receive electronic signal rendering devices such as cellular phones and computers with wireless LAN capabilities inoperable.

Other Pouches

Part No: D00402	Base Price: \$25.72
Name: Shielded Pouch, Velcro Closure, (ID Card)	SIN: 426-4N

Description

RF Shielded Encryption Card/ID Holder with neck strap Devices within the secured pouch cannot sent or receive electronic signal rendering devices such as cellular phones and computers with wireless LAN capabilities inoperable.

Part No: D00406	Base Price: \$120.01
Name: Shielded Sack, Draw String Closure, 9.5"x4.25"	SIN: 426-4N

Description

RF Shielded general purpose stuff sack, approximately 9.5"x4.25", with draw-string closure Devices within the secured pouch cannot sent or receive electronic signal rendering devices such as cellular phones and computers with wireless LAN capabilities inoperable.

Part No: D00407	Base Price: \$157.17
Name: Shielded Sack, Draw String Closure, 12.5"x18"	SIN: 426-4N

Description

RF Shielded general purpose stuff sack, approximately 12.5"x18", with draw-string closure. Devices within the secured pouch cannot sent or receive electronic signal rendering devices such as cellular phones and computers with wireless LAN capabilities inoperable.

Part No: D00569	Base Price: \$173.33
Name: Shielded Pouch, Multiple Device (8"x10")	SIN: 426-4N

Description

Pouch made from the same shielding materials that are used in the T-TEMPEST™ enclosures shields the contents of the pouch making them inoperable when the pouch is closed. Security loops used with cable ties can be used to verify case was not opened.

Shielded Enclosures and Cases

Shielded Enclosures

Part No: D00348	Base Price: \$17,086.76
Name: Enclosure, T-TEMPEST, 4' x 2' x 2' (Tabletop)	SIN: 426-4N

Description

T-TEMPEST™ Version Table Top RF Shielded Enclosure approximate size 4'x2'x2' with approximately eight (8) square feet of space with Shielded glass window in door. Includes: honeycomb vent, interior lighting, multi-outlet surge suppressor. T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (50db) shielded enclosure is configured for handling secure data up to NSA Type 1 on a tabletop.

Part No: D00353	Base Price: \$33,545.22
Name: Enclosure, T-TEMPEST, 3' x 6' x 7'	SIN: 426-4N

Description

T-TEMPEST™ version RF Shielded Enclosure approximate size 3'x6'x7' with approximately eighteen (18) square feet of floor space with a two door entry system and connector docking capability. Includes: Honeycomb vents, environmental control docking system T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (60db) shielded enclosure is configured for handling secure data up to NSA Type 1 can be shipped in a cases that are airline checkable (80").

Part No: D00356	Base Price: \$44,087.57
Name: Enclosure, T-TEMPEST, 6' x 6' x 7'	SIN: 426-4N

Description

T-TEMPEST™ version RF Shielded Enclosure approximate size 6'x6'x7' with approximate thirty-six (36) square feet of floor space with a two door entry system and connector docking capability. Includes: Honeycomb vents, environmental control docking system. T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (60db) shielded enclosure is configured for handling secure data up to NSA Type 1 can be shipped in a cases that are airline checkable (80").

Part No: D00361	Base Price: \$49,775.28
Name: Enclosure, T-TEMPEST, 6' x 9' x 7'	SIN: 426-4N

Description

T-TEMPEST™ version RF Shielded Enclosure approximate size 6'x9'x7' with approximately fifty-four (54) square feet of floor space with a two door entry system, connector docking capability, no foyer. Includes: Honeycomb vents, environmental control docking. T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (60db) shielded enclosure is configured for handling secure data up to NSA Type 1 can be shipped in a cases that are airline checkable (80").

Part No: D00363	Base Price: \$53,416.41
Name: Enclosure, T-TEMPEST, 6' x 9' x 7' with Vestibule	SIN: 426-4N

Description

T-TEMPEST™ version RF Shielded Enclosure approximate size 6'x9'x7' with approximately forty-five (45) square feet of floor space. Three door entry system with 3'x3' foyer and connector docking capability. Includes: Honeycomb vent, environmental control. T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (60db) shielded enclosure is configured for handling secure data up to NSA Type 1 can be shipped in a cases that are airline checkable (80").

Part No: D00367	Base Price: \$60,384.96
Name: Enclosure, T-TEMPEST, 9' x 12' x 7'	SIN: 426-4N

Description

T-TEMPEST™ version RF Shielded Enclosure approximate size 9'x12'x7' with approximately one hundred and eight (108) square feet of floor space with two door entry system, and connector docking capability. No foyer. T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (60db) shielded enclosure is configured for handling secure data up to NSA Type 1.

Part No: D00369	Base Price: \$68,205.84
Name: Enclosure, T-TEMPEST, 9' x 12' x 7' with Vestibule	SIN: 426-4N

Description

The T-TEMPEST™ version RF Shielded Enclosure identical to 9'x12'x7' with addition of three door entry system and 3'x3' foyer. Approximately ninety-nine (99) square feet of floor space. Includes same accessories. T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (60db) shielded enclosure is configured for handling secure data up to NSA Type 1.

Part No: D00375	Base Price: \$80,658.00
Name: Enclosure, T-TEMPEST, 12' x 12' x 7'	SIN: 426-4N

Description

T-TEMPEST™ version RF Shielded Enclosure approximate size 12'x12'x7' with approximately one hundred forty four (144) square feet of floor space. Two door entry system, connector docking capability, no foyer. Includes: Honeycomb vents, environmental controlled T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (60db) shielded enclosure is configured for handling secure data up to NSA Type 1.

Part No: D00377	Base Price: \$85,315.59
Name: Enclosure, T-TEMPEST, 12' x 12' x 7' with Vestibule	SIN: 426-4N

Description

T-TEMPEST™ version RF Shielded Enclosure identical to 12'x12'x7' with addition of a 3'x3' foyer and three door entry system. Approximately one hundred thirty five (135) square feet of floor space. Includes same accessories. T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (60db) shielded enclosure is configured for handling secure data up to NSA Type 1.

Part No: D00508	Base Price: \$17,086.76
Name: Enclosure, T-TEMPEST, Ultra Light Table Top	SIN: 426-4N

Description

Ultra light version of the tabletop shielded (50db) enclosure is approximately 50% of the weight of the standard light weight configuration. Weight savings are achieved utilizing lighter weight fabrics and modified frame and casing solutions. T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (50db) shielded enclosure is configured for handling secure data up to NSA Type 1 and stows and ships in airline checkable cases.

Part No: D00509	Base Price: \$33,545.22
Name: Enclosure, T-TEMPEST, Ultra Light, 3' x 6' x 7'	SIN: 426-4N

Description

Ultra light version of the medium shielded (60db) enclosure is approximately 50% of the weight of the standard light weight configuration. Weight savings are achieved with the utilization of lighter weight fabrics and modified frame and casing solutions. T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (60db) shielded enclosure is configured for handling secure data up to NSA Type 1 and stows and ships in airline checkable cases.

Part No: D00510	Base Price: \$49,775.28
Name: Enclosure, T-TEMPEST, Ultra Light, 6' x 9' x 7'	SIN: 426-4N

Description

Ultra light version of the medium shielded (60db) enclosure is approximately 50% of the weight of the standard light weight configuration. Weight savings are achieved with the utilization of lighter weight fabrics and modified frame and casing solutions. T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (60db) shielded enclosure is configured for handling secure data up to NSA Type 1 and stows and ships in airline checkable cases.

Part No: D00511	Base Price: \$60,384.96
Name: Enclosure, T-TEMPEST, Ultra Light 9' x 12' x 7'	SIN: 426-4N

Description

Ultra light version of the large shielded (60db) enclosure is approximately 50% of the weight of the standard light weight configuration. Weight savings are achieved with the utilization of lighter weight fabrics and modified frame and casing solutions. T2C3 components are designed to minimize size, weight and power and with their patented features. This T-TEMPEST™ (60db) shielded enclosure is configured for handling secure data up to NSA Type 1 and stows and ships in airline checkable cases.

Part No: D00527	Base Price: \$21,320.60
Name: 2800 Series Tabletop Enclosure	SIN: 426-4N

Description

Transit case (22"x28"x9") designed to transport and serve as a table for the Ultra Light Tabletop Enclosure (C00508) T2C3 workstations are designed to minimize size, weight and power and with their patented features configured for handling secure data up to NSA Type 1.

Part No: D00555	Base Price: \$18,415.70
Name: 2100 Series Tabletop System (includes Case and Shielded Enclosure)	SIN: 426-4N

Description

This airline carry-on sized (9"x14"x22") case with an integral tote handle and wheels comes complete with a tabletop T-TEMPEST™ enclosure (approximately) 4 feet long, 2 feet tall and 2 feet deep. Power and Signal Panels must be ordered separately. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Cases for Shielded Enclosures

Part No: D00364
Name: Case, Hard Transit, for 6' x 9' x 7' Enclosure
Base Price: \$1,020.56
SIN: 426-4N

Description

Hard Transit Case for 6'x9'x7' enclosure. Airline checkable case that is configured for the 6'x9'x7' enclosure.

No Image Available

Part No: D00365
Name: Case, Hard Transit, for 6' x 9' x 7' Frame
Base Price: \$821.92
SIN: 426-4N

Description

Hard Transit Case for 6'x9'x7' frame. Airline checkable case configured for 6'x9'x7' frame.

No Image Available

Part No: D00371
Name: Case, Hard Transit, for 9' x 12' x 7' Enclosure
Base Price: \$1,133.57
SIN: 426-4N

Description

Hard Transit Case for 9'x12'x7' enclosure. Hard case configured for 9'x12'x7' enclosure.

No Image Available

Part No: D00372
Name: Case, Hard Transit, for 9' x 12' x 7' Enclosure and Power Panels
Base Price: \$1,158.84
SIN: 426-4N

Description

Hard Transit Case for 9'x12'x7' enclosure and power & signal plates.

No Image Available

Part No: D00373
Name: Case, Hard Transit, for 9' x 12' x 7' Frame
Base Price: \$1,193.49
SIN: 426-4N

Description

Hard Transit Case for 9'x12'x7' frame.

No Image Available

Part No: D00379	Base Price: \$1,352.68
Name: Case, Hard Transit, for 12' x 12' x 7' Enclosure	SIN: 426-4N

Description

Hard Transit Case for 12'x12'x7' enclosure

Part No: D00380	Base Price: \$1,284.26
Name: Case, Hard Transit, for 12' x 12' x 7' Frame	SIN: 426-4N

Description

Hard Transit Case for 12'x12'x7' frame

Part No: D00522	Base Price: \$128.43
Name: Case, Soft, for Power & Signal Panels	SIN: 426-4N

Description

Ballistic Cloth Case for Power & Signal Panels T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data in configurations that are designed for tactical applications.

Part No: D00523	Base Price: \$1,027.41
Name: Case, Hard, for Power and Signal Panels plus ...	SIN: 426-4N

Description

Hard Tactical Transit Case for Power & Signal Panels with additional storage. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data in configurations that are designed for tactical applications.

Part No: D00528	Base Price: \$2,327.46
Name: 4400 Series Case, Ultra Light Frame	SIN: 426-4N

Description

Air Line Checkable Hard Case (14"x44"x18") configured for Ultra Light Frame. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data in configurations that are designed for tactical applications.

Part No: D00529	Base Price: \$2,881.61
Name: 2800 Series Case, Ultra Light Shielded Enclosure	SIN: 426-4N

Description

Air Line Checkable Case (28"x22"x27") configured for the 9'x12'x7' Ultra Light Shielded Enclosure T2C3 workstations are designed to minimize size, weight and power and with their patented features can provide a complete 4 person command and control center (including ECU) configured for handling secure data up to NSA Type 1 on a single 4'x4' pallet.

Part No: D00556	Base Price: \$1,329.90
Name: 2100 Series Tabletop System Case (No Shielded Enclosure)	SIN: 426-4N

Description

This airline carry-on sized (9"x14"x22") case with an integral tote handle and wheels is configured to hold a tabletop T-TEMPEST™ enclosure (approximately) 4 feet long, 2 feet tall and 2 feet deep and Power and Signal Panels must be ordered separately. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00557	Base Price: \$1,108.25
Name: Case, Enclosure, Airline Check-in Sized (14"x44"x18") (For Enclosure sizes 3'x6'x7', 6'x6'x7', 6'x9'x7')	SIN: 426-4N

Description

This airline check-in sized T2C3 case with integral wheels and tote handle, measures 44"x14"x18" and is designed for stowage and shipment of T-TEMPEST™ enclosure sizes 3'x6'x7', 6'x6'x7' and Ultra Light 6'x9'x7'. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00558	Base Price: \$1,108.25
Name: Case, Frame, Airline Check-in Sized (14"x44"x18") (For Frame sizes 3'x6'x7', 6'x6'x7', 6'x9'x7')	SIN: 426-4N

Description

This airline check-in sized T2C3 case with integral wheels and tote handle, measures 44"x14"x18" and is designed for stowage and shipment of T-TEMPEST™ enclosure frames for sizes 3'x6'x7', 6'x6'x7' and 6'x9'x7'. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Shielded Enclosure Panels

Power and Signal Panels, Complete

Part No: D00452 **Base Price:** \$7,433.91
Name: Panel, Power & Signal, "STANDARD" Configuration (Pair) **SIN:** 426-4N

Description

Two (2) configured 8"x8" Power and Signal Panels with the following filters:

- 1- One (1) Feed Through Filter, BNC, High Pass (INMARSAT) (ASD00465)
- 2- One (1) Feed Through Filter, Type N, High Pass (INMARSAT) (ASD00474)
- 3- One (1) Feed Through Filter, RJ45, 8 Pin, High Speed Data (STU, STE) (ASD00481)
- 4- One (1) Power Line Filter, 110/220 VAC, 15 Amps, Cylindrical Case (ASD00478)

Part No: D00453 **Base Price:** \$7,233.20
Name: Panel, Power & Signal, "ALPHA" Configuration (Pair) **SIN:** 426-4N

Description

Two (2) configured 8"x8" Power and Signal Panels with the following filters:

- 1- Two (2) Feed Through Filter, RJ45, 8 Pin, High Speed Data (STU, STE) (ASD00481)
- 2- One (1) Feed Through Waveguide (6 Cables) (ASD00486)
- 3- One (1) Power Line Filter, 110/220 VAC, 15 Amps, Cylindrical Case (ASD00478)

Part No: D00454 **Base Price:** \$6,697.90
Name: Panel, Power & Signal, "BRAVO" Configuration (Pair) **SIN:** 426-4N

Description

Two (2) configured 8"x8" Power and Signal Panels with the following filters:

- 1- One (1) Feed Through Waveguide (6 Cables) (ASD00486)
- 2- One (1) Feed Through Filter, RJ45, 8 Pin, High Speed Data (STU, STE) (ASD00481)
- 3- Two (2) Power Line Filter, 110/220 VAC, 15 Amps, Rectangular Case (ASD00475)

Part No: D00455 **Base Price:** \$8,948.36
Name: Panel, Power & Signal, "CHARLIE" Configuration (Pair) **SIN:** 426-4N

Description

Two (2) configured 8"x8" Power and Signal Panels with the following filters:

Panel #1

- 1- One (1) Feed Through Filter, BNC, High Pass (VSAT) (ASD00464)
- 2- One (1) Feed Through Filter, BNC, High Pass (INMARSAT) (ASD00465)
- 3- Three (3) Feed Through Filters, Type N, High Pass (INMARSAT) (ASD00474)
- 4- Four (4) Feed Through Filters, RJ45, 8 Pin, High Speed Data (STU, STE) (ASD00481)
- 5- One (1) Feed Through Filter, High Pass, SMB (VSAT) (ASD00484)
- 6- Two (2) Feed Through Filter, High Pass, SMB (INMARSAT) (ASD00485)

Panel #2

Part No: D00456	Base Price: \$5,529.72
Name: Panel, Power & Signal, "DELTA" Configuration (Pair)	SIN: 426-4N

Description

Two (2) configured 8"x8" Power and Signal Panel with the following filters:

- 1- One (1) Feed Through Filter, DB9, RS232 (male to female) (ASD00466)
- 2- One (1) Feed Through Filter, DB25, RS530 (STU) (ASD00470)
- 3- One (1) Feed Through Waveguide (6 Cables) (ASD00486)
- 4- One (1) Power Line Filter, 110/220 VAC, 15 Amps, Cylindrical Case (ASD00478)

Part No: D00457	Base Price: \$4,114.06
Name: Panel, Power & Signal, "ECHO" Configuration	SIN: 426-4N

Description

Two(2) panels, one blank and the other configured as a 8"x8" Power and Signal Panel with the following filters:

- 1- One (1) Feed Through Filter, DB25, RS530 (STU) (ASD00470)
- 2- One (1) Feed Through Filter, RJ45, 8 Pin, High Speed Data (STU, STE) (ASD00481)
- 3- One (1) Power Line Filter, 110/220 VAC, 15 Amps, Rectangular Case (ASD00475)

Part No: D00458	Base Price: \$3,709.49
Name: Panel, Power & Signal, "FOXTROT" Configuration	SIN: 426-4N

Description

Configured 8"x8" Power and Signal Panel with the following filters:

- 1- Three (3) Feed Through Filters, RJ45, 8 Pin, High Speed Data (STU, STE) (ASD00481)
- 2- Two (2) Feed Through Filter, DB25, RS530 (STU) (ASD00470)
- 3- One (1) Power Line Filter, 110/220 VAC, 15 Amps, Cylindrical Case (ASD00478)

Part No: D00459	Base Price: \$1,105.25
Name: Panel, Power & Signal, "GOLF" Configuration	SIN: 426-4N

Description

Configured 5" Diameter Power and Signal Panel with the following filters:

- 1- One (1) Power Line Filter, 110/220 VAC, 15 Amps, Cylindrical Case (ASD00478)

Part No: D00460	Base Price: \$616.01
Name: Panel, Power & Signal, "HOTEL" Configuration	SIN: 426-4N

Description

Configured 5" Diameter Power and Signal Panel with the following filters:

- 1- One (1) Feed Through Filter, DB9 (Keyboard and Mouse) (ASD00467)

Part No: D00461	Base Price: \$881.86
Name: Panel, Power & Signal, "INDIA" Configuration	SIN: 426-4N

Description

Configured 5" Diameter Power and Signal Panel with the following filters:

- 1- One (1) Feed Through Filter, RJ45, 8 Pin, High Speed Data (STU, STE) (ASD00481)

Part No: D00571	Base Price: \$3,101.17
Name: Power and Signal Panel, 3.75"x3.75", Configuration #3-01 (UL)	SIN: 426-4N

Description

Configured 3.75"x3.75" Panel with the following filters and cable:

- 1- One (1) Feed Through Waveguide (6 cables) (ASD0046)
- 2- One (1) DB25 Panel Mount Feed Through (ASD00565)
- 3- Two (2) DB25 to Two (2) DB9 and One (1) RJ45 Breakout cables (ASD00566)
- 4- One (1) DB9 in-line filter (ASD00567)

Part No: D00572	Base Price: \$4,784.37
Name: Power and Signal Panel, 3.75"x3.75", Configuration #3-02 (UL)	SIN: 426-4N

Description

Configured 3.75"x3.75" Panel with the following filters and cable:

- 1- One (1) DB25 Panel Mount Feed Through (ASD00565)
- 2- Two (2) DB25 to Two (2) DB9 and One (1) RJ45 Breakout cables (ASD00566)
- 3- One (1) DB9 in-line filter (ASD00567)
- 4- One (1) Power Line Filter, 20 Amp, Panel Mount (ASD00581)
- 5- One (1) Power Line Filter (Female) Pigtail (ASD00579)
- 6- One (1) Power Line Filter (Male) Pigtail (ASD00580)

Part No: D00573	Base Price: \$3,269.18
Name: Power and Signal Panel, 3.75"x3.75", Configuration #3-03 (UL)	SIN: 426-4N

Description

Configured 3.75"x3.75" Panel with the following filters and cable:

- 1- Two (2) DB25 Panel Mount Feed Through (ASD00565)
- 2- Four (4) DB25 to Two (2) DB9 and One (1) RJ45 Breakout cables (ASD00566)
- 3- Two (2) DB9 in-line filter (ASD00567)

Part No: D00574	Base Price: \$3,912.66
Name: Power and Signal Panel, 5" Diameter, Configuration #5-01 (UL)	SIN: 426-4N

Description

Configured 5" Diameter Power and Signal Panel with the following filters:

- 1- One (1) Feed Through Filter, DB9 (Keyboard and Mouse) (ASD00567)
- 2- One (1) Feed Through Filter, DB9 (Serial Port) (ASD00566)
- 3- One (1) Power Line Filter, 20A, Panel Mount (ASD00581)
- 4- One (1) Power Line Filter Shielded Pigtail (Female) (ASD00579)
- 5- One (1) Power Line Filter Shielded Pigtail (Male) (ASD00580)

Part No: D00575	Base Price: \$2,080.36
Name: Power and Signal Panel, 5" Diameter, Configuration #5-02 (UL)	SIN: 426-4N

Description

Configured 5" Diameter Power and Signal Panel with the following filters:

- 1- One (1) Feed Through Filter, Triple (3) RJ45 Panel Mount (ASD00564)

Part No: D00576	Base Price: \$4,863.19
Name: Power and Signal Panel, 8"x8", Configuration #8-01 (UL)	SIN: 426-4N

Description

Pre-Configured 8"x8" Power and Signal Panel with the following filters:

- 1- Three (3) Feed Through Filter, DB25, RS530 (STU) (ASD00562)
- 2- One (1) Feed Through Filter, Triple (3) RJ45 Panel Mount (ASD00564)
- 3- One (1) Power Line Filter, 20A, Panel Mount (ASD00581)
- 4- One (1) Power Line Filter Shielded Pigtail (Female) (ASD00579)
- 5- One (1) Power Line Filter Shielded Pigtail (Male) (ASD00580)

Part No: D00577	Base Price: \$2,701.10
Name: Power and Signal Panel, 8"x8", Configuration #8-02 (UL)	SIN: 426-4N

Description

Pre-Configured 8"x8" Power and Signal Panel with the following filters:

- 1- Two (2) Feed Through Filter, DB25, RS530 (STU) (ASD00470)
- 2- One (1) Feed Through Filter, Triple (3) RJ45 Panel Mount (ASD00564)

Part No: D00578	Base Price: \$5,564.41
Name: Power and Signal Panel, 8"x8", Configuration #8-03 (UL)	SIN: 426-4N

Description

Pre-Configured 8"x8" Power and Signal with the following filters:

- 1- Two (2) Feed Through Filters, Triple RJ45 Panel Mount (ASD00564)
- 2- Two (2) Feed Through Waveguide (6 cables) (ASD00485)
- 3- One (1) Power Line Filter, 20A, Panel Mount (ASD00581)
- 4- One (1) Power Line Filter Pigtail (Female) (ASD00579)
- 5- One (1) Power Line Filter Pigtail (Male) (ASD00580)

Power and Signal Panels, Components

Part No: D00486	Base Price: \$281.70
Name: Feed Through, Waveguide, (6 cables)	SIN: 426-4N

Description

Wave Guide Filter Assembly for 6 fiber optic cables.

Part No: D00488	Base Price: \$409.07
Name: Panel, Power & Signal, Blank 5" Round	SIN: 426-4N

Description

Blank 5" Round Power & Signal Panel T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data in configurations that are designed for tactical applications.

Part No: D00489	Base Price: \$948.10
Name: Panel, Power & Signal, Blank 8" x 8"	SIN: 426-4N

Description

Blank 8"x8" Square Power & Signal Panel T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data in configurations that are designed for tactical applications.

Part No: D00562	Base Price: \$365.22
Name: Feed Through Filter, DB25, RS530 Panel Mount (UL)	SIN: 426-4N

Description

Low profile RS-530 DB25 connector that can be used either as a panel mount or utilized in the T2C3 signal panel interface boxes for use with the T-TEMPEST™ shielded enclosures. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00563	Base Price: \$233.74
Name: Feed Through Filter, DB9, Keyboard/Mouse Panel Mount (UL)	SIN: 426-4N

Description

Low profile keyboard/mouse DB9 connector that can be used either as a panel mount or utilized in the T2C3 signal panel interface boxes for the T-TEMPEST™ shielded enclosures. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00564	Base Price: \$1,022.61
Name: Feed Through Filter, Triple (3) RJ45 Panel Mount (UL)	SIN: 426-4N

Description

Small profile triple RJ45 panel mount connector that can be used in the T2C3 signal panel plates through the T-TEMPEST™ shielded enclosure wall. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00565	Base Price: \$394.44
Name: Feed Through DB25 Panel Mount Connector for use with the DB25 Multi-Connector	SIN: 426-4N

Description

Low profile DB25 panel mount (25 pin) connector to be used for the T2C3 signal interface through the panel mounted plate in the T-TEMPEST™ enclosures. For use with the DB25 Multi-Connector Breakout Cable (UL) or breakout box. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00566	Base Price: \$657.39
Name: Feed Through Filter Multi-Connector Breakout Cable (Two (2) DB9 connectors and O	SIN: 426-4N

Description

A signal cable to be used with DB25 panel mount feed through connector (ASD00565) that provides connectivity for two (2) DB9 connectors and one (1) RJ45 connector. The appropriate DB9 and RJ45 filters are purchased separately. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00567	Base Price: \$255.65
Name: Feed Through Filter, DB9, Serial Port, Panel Mount (UL)	SIN: 426-4N

Description

Low profile Serial Port DB9 connector that can be used either as an inline mount or utilized in the T2C3 signal panel interface boxes. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00570	Base Price: \$1,022.61
Name: Power and Signal Panel, 3.75"x3.75", Blank (UL)	SIN: 426-4N

Description

Blank Power and Signal panel that mounts on the small power and signal aperture to which the small power and signal panel assemblies mount or the cover if no filters are required. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00579	Base Price: \$387.13
Name: Power Line Filter Shielded Pigtail, Female	SIN: 426-4N

Description

Cable designed to mate with the 20A panel mounted Power Line Filter (D00581) used on the interior of the T-TEMPEST™ enclosure. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00580	Base Price: \$387.13
Name: Power Line Filter Shielded Pigtail, Male	SIN: 426-4N

Description

Cable designed to mate with the 20A panel mounted Power Line Filter (D00581) used on the exterior of the T-TEMPEST™ enclosure. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00581	Base Price: \$1,022.61
Name: Power Line Filter, 20A, Panel Mount (uses Shielded Cable Pigtails)	SIN: 426-4N

Description

This requires an exterior Power line pigtail (D00580) and an interior power pigtail (D00579) or termination box (D00582) or equivalent interconnection for operation. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00582	Base Price: \$365.22
Name: Power Outlet, Shielded with Surge Suppression (Attaches to D00580)	SIN: 426-4N

Description

Multi-outlet surge suppression box modified to mate with the 20A panel mounted Power Line Filter (D00581) used on the interior of the T-TEMPEST™ enclosure. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Shielded Product Accessories

ECU

Part No: D00425	Base Price: \$613.65
Name: ECU Duct Kit (4")	SIN: 426-4N

Description

4" Environmental Control Unit duct kit. Includes: two supply and two returns (ECU) ventilation ducts with cuff assemblies.

No Image Available

Part No: D00426	Base Price: \$957.22
Name: ECU Duct Kit (6")	SIN: 426-4N

Description

6" Environmental Control Unit duct kit, Includes: two supply and two return (ECU) ventilation ducts with cuff assemblies.

Part No: D00427	Base Price: \$87.12
Name: ECU Fan Assembly (115 VAC)	SIN: 426-4N

Description

5" Fan Assembly, 115 Volt, with power cord.

Part No: D00428	Base Price: \$87.12
Name: ECU Fan Assembly (230 VAC)	SIN: 426-4N

Description

5" Fan Assembly, 230 Volt, with power cord.

Part No: D00441	Base Price: \$82.19
Name: Honeycomb Cover Set, 5"	SIN: 426-4N

Description

Replacement 5" honeycomb covers (set of 8).

Part No: D00442	Base Price: \$98.63
Name: Honeycomb Cover Set, 7"	SIN: 426-4N

Description

Replacement 7" honeycomb covers (set of 8).

Part No: D00447	Base Price: \$287.67
Name: Case, lightweight, for ECU Hoses	SIN: 426-4N

Description

Lightweight Shipping and Storage Case for ECU hoses. Airline carry-on sized case configured to ship and store ECU hoses

Part No: D00525	Base Price: \$24,937.03
Name: ECU, Lightweight Air Conditioner (9,000 BTU)	SIN: 426-4N

Description

Lightweight 9000 BTU Air Conditioner and Hoses in T2/C3 Casing Solution Packaged in airline checkable case with integral shock isolation system, wheel and tote handle.

Part No: D00559	Base Price: \$4,987.13
Name: ECU, Light Weight, 7,000 BTU in Airline Check-in Sized (28"x22"x26") Case (Cut Foa	SIN: 426-4N

Description

Light weight 7,000 BTU ECU packaged in an airline check in sized case (28"x22"x26") with cut foam for stowage and shipment of the ECU configured to support T-TEMPEST™ enclosures 6'x6'x7' to 9'x12'x7' operating in an indoor environment. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00560	Base Price: \$6,427.85
Name: ECU, Light Weight, 7,000 BTU in Airline Check-in Sized (28"x22"x26") Case (shock is	SIN: 426-4N

Description

Light weight 7,000 BTU ECU packaged in an airline check in sized case (28"x22"x26") with shock isolators for stowage and shipment of the ECU configured to support T-TEMPEST™ enclosures 6'x6'x7' to 9'x12'x7' operating in an indoor environment. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Lighting

Part No: D00443	Base Price: \$238.35
Name: Light, 23 Watt, High Impact Resistance, Stringable	SIN: 426-4N

Description

35 watt, Stringable, high impact resistance light fixture with optional blue filter. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data in configurations that are designed for tactical applications.

Part No: D00535	Base Price: \$709.32
Name: LED Light System, Power Box and 12" Lights	SIN: 426-4N

Description

LED lighting system for use in shielded enclosures that includes two (2) LED lite sticks 12" long and a power interface box that will accept wide range AC (85 to 265 VAC) or 12 VDC (from integrator power products) and power up to 10 lite sticks. T2C3 workstations are designed to minimize size, weight and power and with their patented features can provide a complete 4 person command and control center (including ECU) configured for handling secure data up to NSA Type 1 on a single 4'x4' pallet.

Part No: D00537	Base Price: \$232.75
Name: LED Lite Stick, 12", 2W	SIN: 426-4N

Description

LED light stick that operates on 12 VDC and plugs into a cigarette lighter socket on one end and accepts additional light sticks with a cigarette lighter socket on the other end allowing them to be used together. T2C3 workstations are designed to minimize size, weight and power and with their patented features can provide a complete 4 person command and control center (including ECU) configured for handling secure data up to NSA Type 1 on a single 4'x4' pallet.

Part No: D00539	Base Price: \$277.08
Name: LED Light System Power Box (65W)	SIN: 426-4N

Description

LED power box that will accept wide range AC (85 to 265 VAC) or 12 VDC to power up to 10 light sticks that can be plugged into (either of two) +12 VDC cigarette lighter sockets in the power box. T2C3 workstations are designed to minimize size, weight and power and with their patented features can provide a complete 4 person command and control center (including ECU) configured for handling secure data up to NSA Type 1 on a single 4'x4' pallet.

Part No: D00540	Base Price: \$1,052.90
Name: Shipping Case for LED Lighting System	SIN: 426-4N

Description

Airline carry-on sized (9"x14"x22") T2C3 case configured to hold the LED lighting system and additional light sticks. T2C3 workstations are designed to minimize size, weight and power and with their patented features can provide a complete 4 person command and control center (including ECU) configured for handling secure data up to NSA Type 1 on a single 4'x4' pallet.

Logos

Part No: D00344	Base Price: \$138.54
Name: Logo, Fixed, Embroidery, Single Color, Large	SIN: 426-4N

Description

Embroidery, Single Color, Largest Dimension <6 inches (up to 5 copies) For use on T2C3 fabric components that are neither weatherproof or shielded. (Customer to supply camera-ready artwork).

Part No: D00345	Base Price: \$166.25
Name: Logo, Fixed, Embroidery, Two Color, Large	SIN: 426-4N

Description

Embroidery, Two Color, Largest Dimension <6 inches (up to 5 copies) For use on T2C3 fabric components that are neither weatherproof or shielded. (Customer to supply camera-ready artwork).

Part No: D00346	Base Price: \$127.46
Name: Logo, Fixed, Embroidery, Single Color, Small	SIN: 426-4N

Description

Embroidery, Single Color, Largest Dimension <2 inches (up to 5 copies) For use on T2C3 fabric components that are neither weatherproof or shielded. (Customer to supply camera-ready artwork).

Part No: D00347	Base Price: \$133.00
Name: Logo, Fixed, Embroidery, Two Color, Small	SIN: 426-4N

Description

Embroidery, Two Color, Largest Dimension <2 inches (up to 5 copies) For use on T2C3 fabric components that are neither weatherproof or shielded. (Customer to supply camera-ready artwork).

Part No: D00490	Base Price: \$166.25
Name: Logo, Detachable, Silk Screened	SIN: 426-4N

Description

Detachable Agency Logo includes: silk screening, material, and Velcro type mounting (Customer to supply camera-ready artwork). For use on T2C3 fabric components that are weatherproof or shielded. (Customer to supply camera-ready artwork).

Part No: D00584	Base Price: \$44.33
Name: Logo, Fixed, Embroidery, Single Color, Large (Per Piece over 5 Pieces)	SIN: 426-4N

Description

The recurring cost per piece after set up and initial quantity of five (5) pieces, reference D00344.

Part No: D00585	Base Price: \$66.50
Name: Logo, Fixed, Embroidery, Two Color, Large (Per Piece Over 5 Pieces)	SIN: 426-4N

Description

The recurring cost per piece after set up and initial quantity of five (5) pieces, reference D00345.

Part No: D00586	Base Price: \$11.08
Name: Logo, Fixed, Embroidery, Single Color, Small (Per Piece over 5 Pieces)	SIN: 426-4N

Description

The recurring cost per piece after set up and initial quantity of five (5) pieces, reference D00346.

Part No: D00587	Base Price: \$16.62
Name: Logo, Fixed, Embroidery, Two Color, Small (Per Piece over 5 Pieces)	SIN: 426-4N

Description

The recurring cost per piece after set up and initial quantity of five (5) pieces, reference D00347.

Part No: D00588	Base Price: \$110.83
Name: Logo, Fixed, Silk Screen, Single Color, Small (Setup and up to 5 Pieces)	SIN: 426-4N

Description

Setup and silk screen of single color silkscreen of up to five (5) pieces with largest dimension less than 2".

Part No: D00589	Base Price: \$4.43
Name: Logo, Fixed, Silk Screen, Single Color, Small (Per Piece over 5 Pieces)	SIN: 426-4N

Description

The recurring cost per piece after set up and initial quantity of five (5) pieces, reference D00588.

Other Accessories

Part No: D00521	Base Price: \$22.42
Name: Power, Shielded Power Cord	SIN: 426-4N

Description

Shielded power cord for use with shielded enclosures. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data in configurations that are designed for tactical applications.

Part No: D00590	Base Price: \$1,753.05
Name: 1U Power and Signal Interface Unit (for 2300TN Case)	SIN: 426-4N

Description

1U 19 inch rack designed to work with the T-TEMPEST™ small power and signal panel design with the 20A Power Line Filter and the DB25 composite signal connector. Signal filters are purchased separately. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Testing and Test Products

Part No: D00492	Base Price: \$16,624.69
Name: Testing, Additional, Shield Effectiveness	SIN: 426-4N

Description

Set-up and test of enclosure shielding effectiveness at 400MHz and 1GHz at the Action Systems facility. Hard-copy report of results provided.

Part No: D00534	Base Price: \$2,438.29
Name: Tactical Shielding Effective Tool (TSET)	SIN: 426-4N

Description

Hand held RF transmitter and hand held received that will measure the shield effectiveness of shielded enclosures and ouches in the field to ensure proper shielding effectiveness. T2C3 workstations are designed to minimize size, weight and power and with their patented features can provide a complete 4 person command and control center (including ECU) configured for handling secure data up to NSA Type 1 on a single 4'x4' pallet.

Other Products

Cases for Communications and Computer Systems

Part No: D00228	Base Price: \$7,304.79
Name: Integrator 2300TN Secure Tactical Communications System	SIN: 426-4N

Description

Supports three (3) 1U or one (1) 3U standard 19" rackmount devices up to 12 inches deep. The 2300TN is a tactical communications platform capable of supporting a wide array of COTS components required in tactical communications configurations. The system is contained in an environmentally sealed airline carry-on sized (9" x 14" x 22") case with an integral tote handle and wheels. The system includes an accessory case containing cables, phone adapters and power adapters that can be used worldwide. With optional power modules the case can operate on its own batteries or utilizing wide range AC (85 to 265 VAC) or wide range DC (10 to 36 VDC) power.

Miscellaneous Products

Part No: D00235 **Base Price:** \$1,753.15
Name: 1U Power Interface Unit (for 2300TN) **SIN:** 426-4N

Description

Configured as a 1U slice this power interface unit fits in the 2300TN case enabling the case to operate on its own batteries or utilize wide range AC (85 to 265 VAC) or wide range DC (10 to 36 VDC) power.

Part No: D00524 **Base Price:** \$44.37
Name: Power, Surge Suppressor, Multi-Outlet **SIN:** 426-4N

Description

Multi-outlet Surge Suppressor with cord for use inside shielded enclosures. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data in configurations that are designed for tactical applications.

Part No: D00561 **Base Price:** \$2,438.15
Name: ECU Power Transformer, 3KW in AirLine Carry-on Sized Case (9"x14"x22") **SIN:** 426-4N

Description

Power Transformer (3 KW) configured in a T2C3 airline carry-on sized case (9"x14"x22") with integral wheels and tote handle that enables the ECU to be operated with 220VAC power or 110 VAC power. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

Part No: D00583 **Base Price:** \$730.44
Name: Keyboard, TEMPEST, Small **SIN:** 426-4N

Description

TEMPEST, keyboard, small modified to be used with the tabletop T-TEMPEST™ enclosures plugging into the Power and Signal Panels and stowing within the standard case solutions. T2C3 components are designed to minimize size, weight and power and with their patented features can provide for handling secure data up to NSA Type 1 in configurations that are designed for tactical applications.

General Information

Applicable Patents

U.S. Patent 5,212,628	Modular Portable Workstation Having A Movable Support Tray
U.S. Patent 5,226,540	Carrying Case For A Portable Workstation
U.S. Patent 5,442,512	Modular Portable Computer Workstation Selectively Powered By Either An Internal Battery, An Internal Battery Charger, Or An External DC Input
U.S. Patent 5,590,022	Shielded Modular Portable Computer Workstation Having Cable Routing Means
U.S. Patent 5,908,043	Portable Tent Assembly for Use With a Radio Frequency Shielded Enclosure (issue date June 1, 1999)
U.S. Patent 6,068,009	Free Standing, Portable tent Assembly with Flexible, Electronic Signal Shielded Enclosure (issued May 30, 2000)
U.S. Patent 6,208,507	Carrying Case Having Plug-In Connector And Switch Modules For A Compact Portable Computer Workstation.
U.S. Patent 6,229,698	Portable Office Having A Removable Computer Workstation And Shock Isolation Means.
U.S. Patent 6,585,090	Stackable Interlocking Carrying Case for a Portable Computer

Assumptions

Action Systems can substitute hardware and/or software equal to or better than those listed, including "in brand" changes from those listed in order to ensure overall performance and/or schedule requirements are met. The Integrator product is an integration of several Commercial Off-the-Shelf (COTS) products into a single operational system. This assumption allows Action Systems to ensure "the most recent" hardware and software releases or patches are utilized, providing the best possible product within given cost and schedule constraints.

Due to size and computer resource limitations, there may be restrictions on the installation and operation of some options, particularly with other, similar components.

All systems and components include one-year parts and labor warranty. Extended warranty periods, up to three years, are available. Please call for full information.
